

DeltAg Product Brief
June 24, 2013

At Tassel or Ear Leaf ...

Put the Finishing Touch on Corn Yields...

...Apply *CropKarb*

CropKarb is formulated to deliver three functions at a critical stage in plant development.

- 1. Increase Root Activity:** One quart of *CropKarb* contains the equivalent of one pint of *PercPlus*. Increasing the activity of the root system during mid to late season, aids in the uptake of moisture and much needed nutrients.
- 2. Improve Translocation:** 3.2 ounces of *Boron Plus* is in every quart of *CropKarb*.
- 3. Size and Mature the Grain:** *CropKarb* is a high K analysis (8-0-18). One quart of *CropKarb* contains 28 ounces of *Potassium Plus* which, when applied alone is normally recommended at 32 ounces per acre.

NOTE: *CropKarb* is normally applied with insecticides or fungicides.
Always check for compatibility before any large-scale mixing.
