

Product Index

SPECIALTY	Maintain Plant Health Soil - Seed - Plant - Fruit
<i>Soil Solution</i>	Preplant Incorporated or No-Till, Improve Soil Health - Reduce Stubble & Release Nutrients
<i>Seed Coat</i>	Pre-Plant or at Planting, Get More Seed Up & Growing
<i>PercPlus</i>	Seedling & Fruiting Foliar, Maintain or Improve Plant Vigor
<i>Plexal</i>	Foliar with Herbicides <i>DeltAg's BioTransport System</i> Improves Uptake and Efficiency May be Liquid Blended or Impregnated
<i>CropKarb</i>	Retain and Size More Fruit

MACRO-NUTRIENTS	Improve Response to Residual Nutrients. These Products are Supplemental in Nature
<i>Potassium Plus *</i>	Low Rate K Source - Improve Crop Response to Residual and Applied K
<i>Calcium Plus *</i>	Increase Plant Access to Soluble Calcium from the Soil: Great in Acid Soils
<i>Magnesium Plus</i>	Improve Crop Response to Nitrogen
<i>Sulfur Plus *</i>	Increase Availability of Residual Sulfur from Organic Matter & Improve Nitrogen Efficiency

MICRO-NUTRIENTS	These Products Supply Seasonal Crop Needs and Improve Response to Residual Micro-Nutrients
<i>Boron Plus *</i>	Retain Younger Fruit
<i>Copper Plus</i>	Aid Sugar Production
<i>Iron Plus</i>	Unlock Residual Iron
<i>Manganese Plus</i>	Stabilize Crop Development and Maturity
<i>Zinc Plus *</i>	Critical for Healthy Seedling Progress
<i>Microvite *</i>	Convenient Combo Pack: Supply the Secondary & MicroNutrients Necessary for Proper Crop Development: Combines Copper Plus, Magnesium Plus, Manganese Plus, Zinc Plus and Sulfur Plus

* Products that are great for side-dress.
